(ELV)  
RUGGED  
Tablet PC**

**DATA SHEET**

**Product Description**

**Performance Windows® Embedded 7 Tablet PC 9.7"**

**Brilliant, large multi-touch Display in a lightweight rugged Tablet PC**

The AGX DAP9700 rugged tablet combines form and function in a lightweight mobile tablet. With an eye-catching 9.7 inch display and its rugged construction, the Windows® tablet ships ready for enterprise.

**Large, brilliant display**—full 9.7 inch multi-touch display for pan and zoom functions.

**Windows Embedded Standard 7 operating system**—allows for seamless migration into most enterprise environments.

**User-friendly form factor**—delivers lightweight mobility in a rugged tablet that is just over 2 pounds (989 g) and less than an inch thick (22 mmm).

**IP54 certified and MIL-STD-810F**—Protected against water, dust, and 4 foot drops to concrete, offering a more durable solution than consumer tablets and enabling use in a variety of environments.

**Multiple communications options**—WLAN, Bluetooth and optional WWAN 3 G and GPS.

**RFID Optional USB (LF, HF and UHF) or via BT**

The AGX DAP9700 can be enhanced over the USB Slot with various RFID USB Dongle Reader (LF, HF and UHF). In addition it combines perfectly over the Bluetooth connection with handy BT reader like AGX DOT900 (UHF) or any other BT device.

\* in preparation LF, HF and UHF
