

Mount on metal UHF Tag RB II

| Product Description | RB II UHF Tag |
|---|------------------------|
| Electrical Characteristics | |
| Operating Frequency | 860 MHz - 960 MHz |
| IC Technologies | Impinj MONZA2 |
| IC Protocol | UHF EPC Class-1 Gen2 |
| EPC Size | 96 Bits |
| Thermal & Environmental Characteristics | |
| Storage Temperature | -40°C up to +150°C |
| Operating Temperature | -30°C up to +85°C |
| Physical Characteristics | |
| Available Shape | Square |
| Dimensions | 28,5x28,5mm |
| Thickness | 3,3mm |
| Weight | 7,5 gr |
| Material | 3M 55231 self adhesive |
| Color | Customizable |
| Read Range | |
| Fixed Reader* | 0,5 - 1,5m |
| Mobile Handheld Reader* | 2 - 4m |
| Article no: | |
| Article no: | RB II UHF Tag |
| Typical Applications | |
| ASSET Management | |
| Parts tracking & Maintenance | |
| Administration of high pressure container & Service | |
| Industrie & Logistics | |

* depending on reader type and environment
